

JOB DESCRIPTION: Web Designer

DEADLINE FOR APPLICATIONS: **29th February 2012**

We are looking for an experienced and creative web designer to join our friendly and hard-working web studio team. You'll be enthusiastic with a positive attitude; dedication and willingness to work hard, sometimes under high production pressure.

- Minimum 2 years experience of web concept design and build
- Fluent with raw CSS and XHTML
- Standards-based semantic coding using <div> rather than <table> layouts
- Good working knowledge of WordPress, Joomla! and Drupal
- Knowledge and experience of web accessibility
- Good understanding of cross-platform and cross-browser issues
- Experience with integrating web design with back-end coding (php/asp etc)
- Use of JavaScript / AJAX / Prototype / script.aculo.us an advantage
- Any Flash/Flex and SEO experience useful

For more details or to apply, send a covering letter and CV including any relevant examples of your work to webjobs@blackpig.co.uk

The job description describes the principal purpose and main elements of the job. It is a guide to the nature of the main duties as they currently exist but is not intended as a wholly comprehensive or permanent schedule of tasks.
